HERE, HERE! EXCITING NEWS! 🤫

We have been recognized for our accomplishments as a leader in tech and AI for CX. Full details coming soon!

MEET US IN VT

August 21st, 2024

Join us at the VT Digital Government Summit alongside A&T Systems. We'll be there to talk shop and let you in on our newest products!

AI RX: DR. ATIF'S PRESCRIPTION

I've heard some confusion about AI vs AGI. Artificial Intelligence is anything that is fed to an algorithm and gets us some answers. AGI, or Artificial General Intelligence, creates a context and an understanding that is human consumable and also can be utilized by a robot as a human can do.
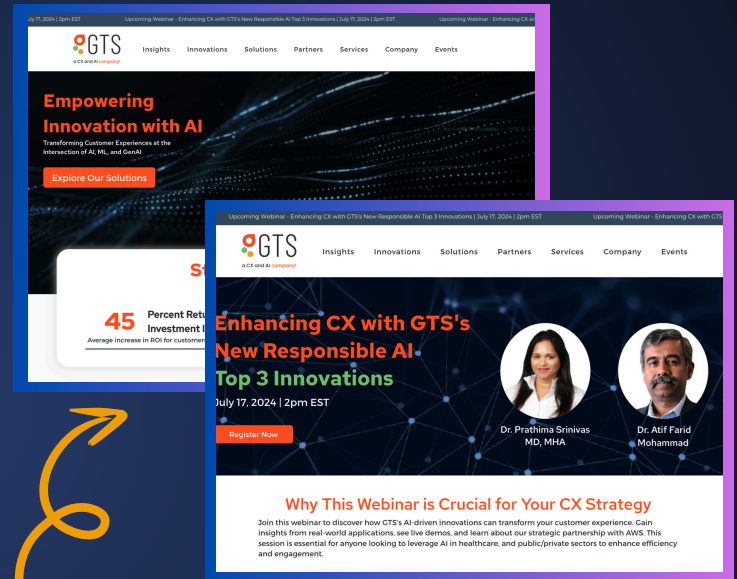

HEY GTS! EPISODE 3

It's a question that many of us have had: How can I sort through data more efficiently? Tune in as Account Executive, Luke Dignazio, answers this question.

MEET US AT MACO

August 14th-17th

Join us at the MACo Summer Conference, where approximately 3,000 leaders from government and the private sector will gather for four days of educational sessions, two exhibit shows featuring over 350 vendors, and numerous briefings and meetings.

NEW WEBSITE!

Navigate through our newly re-designed website to learn & laugh with videos, blogs, and case studies; view a complete list of conferences to meet us; and discover the ethos and mission of our company. Same web address--different look!
